(Viwentiaa 2026 Tech-Fest Preparations)

Subject: Update on Viwentiaa 2026 Preparations

Dear Professor ,

I hope you are doing well. As part of the organizing committee for Viwentiaa 2026, I wanted to

share a brief update on our progress so far.

To date, we have finalized the event schedule, confirmed the venues for the technical and

cultural segments, and completed registrations for three of the five planned competitions. The

sponsorship team has also secured partial funding, and we are in discussions with two more

potential sponsors. Promotional posts have gone live on our social media pages, and the response

so far has been encouraging.

A few tasks are still pending: finalizing judges for the remaining two events, confirming the

guest speaker for the inaugural session, and completing the logistics arrangements for

accommodation and catering. We expect to have these finalized within the next week.

Could we schedule a short meeting at your convenience to review the remaining action items and

get your guidance on the sponsorship discussions? Please let me know a time that works for you.

Thank you for your continued support and guidance.

Best regards,

AAYUSH RAJ 2620030709
